Notesheet

Date: **02-09-2025**
Number: **760**
Priority Type: **Urgent**
Subject: **Estimation for Installation of Generator**

This is to inform management that, following consultations with the electrician and relevant external stakeholders, it has been confirmed that the Diesel Generator procured from BNB can supply power only to the GPO Counter and the server room. Where possible, connections may also be extended to the philatelic museum and the post shop.

It is more cost-effective to procure the required materials directly rather than assigning the entire work as a package. Additionally, two external DG specialists will need to be engaged to provide technical guidance, while the actual cabling work will be carried out by our electrician.

The estimated cost for the installation of the DG set is outlined below:

Sl. NO	Description	Rate	Total costs	Remarks
1	35 Sq mm UG cable 4 core	490	50 * 490 =24,500	
2	MCCB 250 Amps	16,000	16,000	
3	Thimbal 35 mm (8*70) 95 mm (8*70) 75 mm (8*70)	1680	1680	
4	PVC tape 12*20	240	240	
5	Outsourced Expertise	3000	2*3000 = 6000	
6	DG Servicing	21,600	21,600	
Total = 70,020				

The cost incurred may be booked under the budget head “Repair and Maintenance Expenses - Electrical Equipment” kept under AHRD for the FY 2025.

SONAM DORJI Applied to: **DECHEN CHODEN on** 02-09-2025
Remarks: **Madam, submitted for kind approval, please**

DECHEN CHODEN Forwarded to: **RINCHEN ZANGMO on** 02-09-2025
Remarks: **Madam, as mentioned by the Sonam, the actual cabling work will be carried out by our electrician. However, two external DG specialists will need to be engaged to provide technical guidance. Recommended for kind approval please**

RINCHEN ZANGMO Forwarded to: **KARMA NIDUP on** 02-09-2025
Remarks: **Dasho,For kind approval as proposed, please.**

KARMA NIDUP Approved to: **SONAM DORJI on** 03-09-2025
Remarks: **Approved as recommended above**
