Notesheet

Date: **30-04-2025**
Number: **588**
Priority Type: **Urgent**
Subject: **Purchase of TSC Printer**

Due to insufficient stock earlier, the Gasa Post Office could not be issued a TSC counter receipt printer, which is now urgently required for ERP operations, specifically for counter booking receipt printing. Additionally, we have identified the need for one printer within the ICT Division for testing and support purposes, especially when post offices encounter receipt printing issues.

To address these needs, we propose the purchase of two TSC printers at the quoted price of Nu. 13,250 (**Thirteen Thousand two hundred fifty**) each, under the budget head "**Purchase of Equipment**" maintained by the ICT Division. This purchase will ensure that the Gasa Post Office discontinues the use of Meghdoot and operates exclusively on the ERP system.

Total cost: 13250 x2 = 26,500/-
