Notesheet

Date: **24-06-2025**
Number: **669**
Priority Type: **Urgent**
Subject: **purchase of 30 nos. of revolving chairs for staff**

This is to propose the procurement of **30 revolving chairs** for distribution to the Regional and Divisional Offices in line with the annual requirement.

As part the directives from the Head, the Procurement Unit consulted the concerned offices to determine the current need for the provisioned chairs. In response, all the Heads confirmed their requirements. Additionally, some staff members reported that the requirement had been submitted three years ago and shared photographs of their existing chairs, which were found to be in extremely poor condition and were torn.

Initially, the Regions were requested to explore the possibility of procuring similar chairs locally, following the same specifications and unit cost as per the approved annual quotation, in order to minimize transportation costs. However, the Central Region (CR) Regional Manager informed that it was not feasible to source the same model locally. The Eastern Region (ER) Regional Manager also informed that the cost of similar chairs in their region was approximately Nu. 11,000 per unit, which is significantly higher than the quoted rate.

Therefore, it is proposed to centrally procure **30 revolving chairs at a unit cost of Nu. 6,944**, amounting to a total of **Nu. 208,320**, as per the approved annual quotation rate. The expenditure will be met from the capital budget under the **"Purchase of Furniture"** kept for the FY 2025 and the budget has already been provisioned.
